

Greetings...

What exciting times we live in! Since the Nov/Dec newsletter, the following events have taken place:

Major Snow Storms – I live off the road and my driveway is very, very long. It's funny that when it comes to snow, the older I get, the longer the driveway gets... and the heavier the snow blower has become!

Super Bowl – I'm not a sports fan so I have nothing to really offer here, but...I really wish our country would get just as passionate about the National Deficit, Illegal Immigration, Wall St. fraud, and the loss of American Jobs!.

Larry King Live – It was definitely time for good old Larry to go, but we do thank him for the many years of terrific interviews...and we wish him (and his 8th and present wife) good health and happiness!

Ronald Reagan's 100th birthday – "Mr. Gorbachav...tear down this wall!" I really yearn for the time when our present day leaders would exercise this type of boldness, and have the audacity to be politically incorrect as they tackle our domestic and international challenges!

State of the Union Address – Our country is facing intense and growing economic problems that nobody really knows the answers to. Under such a cloud of uncertainty, the President actually showed remarkable grace.I just wish he offered some concrete answers. The fact that the Dems and Repubs sat with each other was hopefully a good start towards future cooperative efforts...we sure do need it!

Arizona Shootings – With all the technology that exists today, it boggles the mind that the shooter's name wasn't in a data base preventing him legally from buying a gun. He had past run-ins with the police, failed to get into the military, and had documented mental health history. What more is needed?

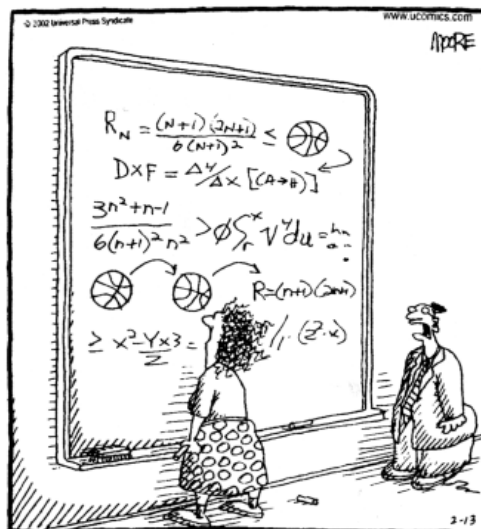

Egypt & Libya – There is now a vacuum of leadership in both countries. We can only hope that it will be filled with a democratically elected secular Gov't. If so, perhaps other Islamic countries, where the majority of citizens are oppressed, will follow suit. This could result in more treaties with Israel and real hope for peace in the Mid-East. If they go towards an Islamic Fundamentalist regime, peace in that region will continue to remain elusive, with global implications.

I continually appreciate your business. Please never hesitate to call me with any questions or concerns.

I return all calls within 24 hours...7 days a week.

Until Next Time,

Howard

INTERNET NEWS:

Check out: Seniornet.org

Senior Net .org is a website for older adults to learn how to easily and successfully enjoy the internet. There's a lot of FREE information here but they also have easy on-line courses that do come with nominal tuition. It appears to be a very high quality program.

The Haircut

One day a florist went to a barber for a haircut. After the cut, he asked about his bill and the barber replied, "I cannot accept money from you, I'm doing community service this week". The florist was pleased and left the shop. When the barber went to open his shop the next morning, there was a 'thank you' card and a dozen roses waiting for him at his door.

Later, a cop comes in for a haircut and when he tries to pay his bill, the barber again replied, I cannot accept money from you, I'm doing community service this week". The cop was happy and left the shop. The next morning when the barber went to open up, there was a 'thank you card' and a dozen donuts waiting for him at his door.

Then a Congressman came in for a haircut and when he went to pay his bill, the barber again replied, "I cannot accept money from you, I'm doing community service this week". The Congressman was very happy and left the shop. The next morning, when the barber went to open up, there were a dozen Congressmen lined up waiting for a free haircut.
